WE CREATE, YOU CELEBRATE

INTRODUCING PONTINS SPECIAL EVENTS

Since opening its doors over 70 years ago Pontins has been entertaining families and accommodating a wide variety of events. Now the UK's leading provider of all-inclusive venue hire packages, we pride ourselves on our professional yet personal approach to events of any style.

Our 6 UK parks have venues that can cater for numbers large or small. From intimate corporate gatherings to full scale music festivals, we can accommodate it all!

No two events are the same meaning all of our packages can be tailored to suit your needs and are actively supported by one of our event specialists who will assist you from conception to completion.

“WE CREATE, YOU CELEBRATE!”

INCLUSIVE AND EXCLUSIVE

We provide exclusive hire for up to 5,000 people inclusive of accommodation and all of the fun our leisure facilities have to offer. Our parks are conveniently located on the coast so whichever one you choose you're guaranteed to make waves at your event.

Our indoor venues take away the weather permitting aspect of your planning whilst still offering the option of outdoor space should you desire.

Take ownership & let your imagination run wild, we hold no limitations on creativity.

“YOU THINK IT, WE CAN ACHIEVE IT!”

PONTINS KEEPS IT PERSONAL

Alongside our competitive packages we offer the expertise of our special events team who have enthusiasm by the bucket load and are dedicated to making your event the best that it can be. Your appointed events specialist will oversee and account manage your event from conception to completion.

Your event specialist and the manager of your desired location will be there every step of the way attending pre and post-operative meetings, assisting with marketing, booking management and the provision of monthly sales forecasting.

“

YOUR VISION IS OUR VISION
LET'S MAKE IT HAPPEN

”

TESTIMONIALS

“

Both myself and my colleague Charlie found our event specialist to be hugely positive, enthusiastic, facilitative and professional in all our dealings with her. From the proposal's conception and all the way through the process we found her to be immediately responsive to requests, available at all hours, and always solution focused, finding creative solutions to problems and new circumstances as they arose. The project presented challenges from the off, and having her as our point of contact made us feel we were in safe and supportive hands, and negotiations were always underlined with positivity and a can-do approach

”

Creative Events Company

“

I had my reservations about hosting our music event at Pontins after reading trip advisor reviews and past guest comments, however after viewing the site personally when meeting our event specialist I immediately realised that it would accommodate us perfectly. With everything under one roof this made my job as an event organiser so much easier.
